Evidence to inspect

This fictional employer record states that Salim Al Harthy (M002) joined on 1992-07-01. The demonstration pension REST source separately reports 1992-06-01. These are different dates.

The discrepancy requires evidence review. This letter alone does not establish which source is authoritative and must not automatically overwrite either source.

Suggested extraction: memberId = M002; employerJoiningDate = 1992-07-01; pensionJoiningDate = 1992-06-01. Keep the source labels and quote the relevant line as evidence.

CHECKPOINT: two competing dates are preserved; no automatic correction.
