

DEMONSTRATION ONLY - NOT VALID EVIDENCE

Contribution reconciliation

A contribution difference requiring source reconciliation

MEMBER M007 | Huda Al Kindi

REFERENCE DEMO-CON-M007-001 | DEMO DATE 2026-09-25

Expected contribution	OMR 120.000 / 120000 baisa
Received contribution	OMR 90.000 / 90000 baisa
Difference	OMR 30.000 / 30000 baisa
Period-level evidence	Not supplied by this sample
Review status	Requires human reconciliation

Reconciliation request

For fictional member Huda Al Kindi (M007), the source reports 120000 baisa expected and 90000 baisa received. The arithmetic difference is 30000 baisa, equivalent to OMR 30.000.

Obtain the relevant contribution period, receipt, remittance reference and posting evidence before deciding why the values differ. This sample does not invent a missing receipt or an employer debt.

Suggested extraction: memberId = M007; expectedBaisa = 120000; receivedBaisa = 90000; differenceBaisa = 30000. Verify units against the original before accepting extracted values.

CHECKPOINT: OMR 30 remains a finding until the evidence is reconciled.

All names and facts are invented. No signature, seal or official authorization is provided.

For controlled product demonstrations only. Human verification is required. | Page 1 of 1
